# DRC Systems India Limited Secures INR 2.26 crore Work Order from National Skill Development Corporation for Skill India Digital Platform.

**Gandhinagar, India, 22nd May, 2024** : Information Technology and Software Consultancy Services provider, DRC Systems India Limited (BSE: 543268) (NSE: DRCSYSTEMS) "DRC Systems" "the company", today announced that it has been awarded a prestigious work order worth INR 2.26 crore by the National Skill Development Corporation (NSDC) for the development, enhancement and maintenance of Learning Management Support (LMS) for the Skill India Digital platform.

Under the terms of the work order, DRC Systems will enhance and maintain the LMS of Skill India Digital platform for the Ministry of Skill Development and Entrepreneurship. This advanced platform aims to unify all skilling initiatives and facilitate nationwide skill development. The project will be carried out by DRC Systems' team of highly skilled technical professionals, who are proficient in Python, Java, Open edX, and other technologies.

"We are incredibly proud to have secured this prestigious work order to continue to support and maintain the SID platform. Our heartfelt gratitude goes to the selection committee for trusting our technological expertise. Being part of Skill India Digital, a project of immense national significance, is truly an honor for DRC Systems," said Mr. Hiten Barchha, Managing Director of DRC Systems India Limited.

An LMS is a web and mobile based Learning Management System designed to enable skilling for all, anywhere, anytime. It efficiently delivers and manages a diverse array of content, including videos, courses, workshops, documents and many others. It offers various features like auto graded assessment and issuance of Digital Certificate upon successfully completing the course.

In 2023, the Government of India, through the Ministry of Skill Development and Entrepreneurship, launched the Skill India Digital (SID) platform, aimed at synergizing and transforming the skills, education, employment, and entrepreneurship landscape of India. The platform embodies the aspirations and dreams of millions of Indians who seek better opportunities and a brighter future as it extends industry-relevant skill courses, job opportunities, and entrepreneurship support. This digital public infrastructure is set to revolutionize India's skills, education, employment, and entrepreneurship landscape, serving as a comprehensive information gateway for all government-led skilling and entrepreneurship initiatives in the country.
