DRC Systems India Limited Unveils New Corporate Identity

Gandhinagar, India, November 10, 2025: Information Technology and Software Consultancy Services provider, DRC Systems India Limited (BSE: 543268) (NSE: DRCSYSTEMS), "DRC Systems" "The Company" today announced a strategic brand relaunch accompanied by a new corporate logo. The refreshed identity signals a transformative evolution for the company, while affirming that the core business remains unchanged.

The Board approved a brand relaunch featuring a new corporate logo to better reflect DRC Systems' digital-first, robust, and customer-centric approach. "The new corporate identity embodies transformation through intellect—reflecting our belief that technology, guided by purpose, creates lasting value for businesses and society," said **Mr. Hiten Barchha, Managing Director, DRC Systems India Limited.**

The new corporate logo (as enclosed below) is our new identity.

Old Logo	New Logo
 The old logo for DRC Systems, featuring a stylized pi symbol (π) inside a square, followed by the text "DRC SYSTEMS".	 The new logo for DRC Systems, featuring a stylized triangle composed of three parallel lines, followed by the text "DRC SYSTEMS".

The new corporate logo of DRC Systems represents a transformative evolution in the company's identity - a symbol of growth, innovation, and purpose. Rooted in the Company's philosophy of being Digital-First, Robust, and Customer-Centric, the redesigned emblem reflects our vision to redefine technology as a force for positive impact.

This rebranding encapsulates the essence of the Company's journey - from being a technology solutions company to becoming a catalyst for digital transformation across industries. The new identity reflects the company's commitment to innovation, collaboration, and cultural inclusivity, grounded in its values:

Technological Values: Digital-First, Robust, Customer-Centric

Business Values: Driven, Resilient, Collaborative

Cultural Values: Diverse, Respectful, Curious

The new corporate identity features two interlocking upward triangles, crafted with clean geometric precision and a purple-to-gold gradient. This design embodies progress, stability, and enlightenment - the upward triangles representing aspiration and leadership, while their intersection signifies synergy, mentorship, and continuity. The open lines convey fluidity and innovation, showcasing that the Company is structured yet constantly evolving. The colour gradient carries profound symbolism: Purple stands for wisdom, technology, and vision. Gold represents achievement, prosperity, and excellence. Together, they express transformation through intellect - our core belief that technology, when guided by purpose, creates lasting value for businesses and society.

The new identity is not merely a design change; it represents a renewed purpose - to build a future where technology, business, and humanity converge in harmony.
